LCATS is a science-based, academic enrichment program that creates a sustainable testing environment where students are encouraged to discover, learn, explore and achieve through an informal experiential space exploration research experience. LCATS acquaints student with professional opportunities in Space-STEM through sustained research, field experiences, and mentorship. The program includes course work, team projects, class presentations, examinations, career awareness speakers, field trips, and special events. LCATS is offered over the course of the 2023-2024 school year
